

**RIVERFRONT COMMITTEE-WEDNESDAY, OCTOBER 18, 2023-12PM
AT THE BUFFALO CITY MUNICIPAL BUILDING & RIVERFRONT**

The Buffalo City Riverfront Committee was called to order by chairman Ben Holien. Present: Larry Johansen, Citizen Nick Kuhn and Clerk Jenny Ehlenfeldt.

Committee discussed the permitted spaces at #37 3-5 and #38 1-2. The dock on #38 was previously found to be placed within the guidelines and within equal distance from the permit holders lines as #37 3-5 dock was. Since that decision in August, the permit holder of #37 3-5 has moved his dock out further into the water and closer to the #38 line also placing a boat on the south edge of the dock which now makes it impossible for the permit holder of #38 to access the north side of his dock.

Committee discussed the situation. Mayor has spoken with the both permit holders. After viewing, measuring and discussing more on the riverfront, the committee feels the permit holder of #37 must move his dock back to his space to meet Shoreline Management guidelines and has requested the clerk send a letter explaining that request. If the dock is not moved committee members feel they plan gives them several options that include moving the dock at the owner's expense or taking the space away from the permit holder. He will be told to move the dock to get it within his boundaries and the committee will wait to hear back.

Motion Johansen, second Kuhn to adjourn the meeting. All yes, motion carried.

Ben Holien, Mayor

Jenny Ehlenfeldt, Clerk
